UCON Container System

Unbeatable service life. UCON, the safe choice.

With a high-quality, fully recyclable stainless steel IBC, UCON CS continues to drive the development of a circular economy. This focus on sustainable innovation goes hand in hand with our efforts to ensure the highest quality and safety. Sustainability, environmental protection and occupational safety are the guiding principles of our actions. This is demonstrated not only by our solutions and our stainless steel products, but also by the way we act and think when implementing solutions.
