

We empower sustainable businesses.

UCON TCS

Mobile tank (upright) for hazardous materials

Advantages:

The wear-free design allows for many years of reusable use. Thanks to the variety of sizes and the possibility of using different types of stainless steel, the TCS meets all your requirements. Our unerring pursuit of quality and perfection guarantees you maximum safety and durability. Your requirements and our pioneering culture result in customized, innovative stainless steel products.

Industries:

CHEMIE | PHARMA

Type TCS. The stainless steel construction guarantees a long lifetime.

Optimum cleaning geometry, best residual emptying and non-permeation. The wear-free design allows many years of reusable use. Thanks to the variety of sizes and the option of using different types of stainless steel, the TCS meets all your requirements. Our unerring pursuit of quality and perfection guarantees you maximum safety and durability. Your requirements and our pioneering culture result in customized, innovative stainless steel products.

We empower sustainable businesses.

Environmentally friendly IBC for liquids

Type TCS. The stainless steel construction guarantees a long lifetime.

Area of application:

- Transportation and storage of hazardous liquids

Volumen:

- 500 - 1250 Liter

Certifications:

- Portable tank according to chapter 6.7/ADR/RID
- Tank container according to chapter 6.8/ADR/RID
- Pressure equipment according to Pressure Equipment Directive 2014/68/EU (optional)
- ASME code (optional)

Handling:

- Transportable by forklift truck
- Craneable
- Stacker

Advantages:

- For the transportation of highly hazardous substances in accordance with ADR, RID, IMDG
- Pressure-resistant up to max. +10 bar/ -1.0 bar
- Protection of the inner tank by robust support frame
- Tank interior with coating or electropolished (optional)
- Approval for land and sea transport
- Design of tank connections according to customer specifications.
- Optionally with bottom outlet fitting or closed underbody.
